

**Draft MeDEP 12/12/03**

**Required compensation fee or off site remediation credit for new, regulated development in “urban nps” impaired stream watersheds:**

<b>Type of surface w/ or w/out required treatment</b>	<b>Required compensation fee or off site credit</b>	
	<b>Compensation fee</b>	<b>Off-Site Credit</b>
Non-roof impervious area	\$5,000.00/acre	0.5 credits/acre
Roof or non-impervious developed area	\$2,000.00/acre	0.2 credits/acre

**Credits Earned for Off-Site Remediation Activities in “urban nps” impaired stream watersheds:**

<b>Remediation Activity</b>	<b>Source Type</b>	<b>Credit Earned</b>
Retrofit w/ Low Treatment Level BMPs	Road or High Use Parking	0.5 credits/acre treated
	Low Use Parking	0.3 credits/acre treated
	Roof, other Imp. or Lawn	0.2 credits/acre treated
Retrofit w/ Medium Treatment Level BMPs	Road or High Use Parking	1.0 credits/acre treated
	Low Use Parking	0.6 credits/acre treated
	Roof, other Imp. or Lawn	0.4 credits/acre treated
Retrofit w/ High Treatment Level BMPs	Road or High Use Parking	1.5 credits/acre treated
	Low Use Parking	0.9 credits/acre treated
	Roof, other Imp. or Lawn	0.6 credits/acre treated
Eliminate impervious source area, replace with lawn	Road or High Use Parking	1.0 credits/acre treated
	Low Use Parking	0.5 credits/acre treated
Eliminate impervious source area, replace with forest	Road or High Use Parking	2.0 credits/acre treated
	Low Use Parking	1.0 credits/acre treated
Retrofit 12 hour Extended Detention	Impervious areas only	0.5 credits/acre treated
Restore Riparian Buffer (minimum 30 foot depth)		1.0 credit per 100 feet of stream bank restored ?
